The city of Lynn is located on the North Shore of Massachusetts, about 10 miles NE of Boston. The city was named after the town of King's Lynn, England, where Lynn's first minister, Samuel Whiting, was from. Although Lynn was originally a fishing and agricultural community, Lynn developed a successful shoe industry based on the skilled leather shoe making of its early residents. Incorporated as a town in 1631, Lynn only became a city in 1850. In 1892, the city's Thomson-Houston Electric Company merged with the Edison Electric Company to form the General Electric Company, whose jet engine division remains a major employer in the city today.
